FROM BRIEF TO SHIPMENT

01
Send your requirements
Logo, preferred colours, reference images, specifications and packaging.

02
Design & sample development
Our team reviews your brief and develops the customised sample.

03
Sample approval
Confirm the sample, materials, colours and specifications.

04
Bulk production
Production begins after order confirmation and approval.

05
Quality inspection
Finished products are inspected before shipment.

06
Shipment
Packed and prepared for delivery under the agreed shipping terms.

Prices and timings are reference information, not a binding offer. Final terms depend on quantity, materials, colourways, branding and packaging. Colour and material notes describe the visible samples and are development directions, not a confirmed bill of materials; components are confirmed during quotation and sample development.
